Ordering Information

1. Starter units are designed to be freestanding. All shelving runs must contain a single starter unit. All other units in the run must be add-on units.

    Add-on units are not freestanding. These units are used to continue a shelving run.

2. Base Unit Configurations do not include accessories such as wire shelves, solid shelves, etc. unless otherwise stated.

3. Asteriks (*) indicate special order or longer lead time items.
**PRICES**
The prices quoted by SHOPCO U.S.A., INC. are firm for a period of (30) days. Thereafter, prices are subject to change without notice. All prices are quoted F.O.B. Houston, Texas.

**TERMS / PAYMENTS**
All approved accounts are net 30 days. On any invoice thirty (30) days past due, SHOPCO U.S.A., INC. may, at their election place the Buyer’s account on a C.O.D. basis. If payment is not made when due, Buyer agrees to pay a charge on the amount past due at the rate of 1% per month (12% per annum) or the maximum lawful rate, whichever is less. Nothing herein shall be deemed to extend or otherwise modify Buyer’s obligation to make payment when due. In the event of default, Buyer agrees to pay SHOPCO U.S.A., INC. reasonable attorney’s fees, if any, incurred by SHOPCO U.S.A., INC. in collection of damages from Buyer.

**SHIPMENT**
Unless otherwise specified, product will be shipped “best way”. Any claims for lost or damaged products due to mishandling during shipment, shall be filed by the Buyer directly with the freight company. No shipment should be accepted until it has been inspected and recipient has made a notation of loss or damage on the freight bill of lading.

**CANCELLATIONS / CHANGES**
All orders accepted are not subject to cancellation and/or change without prior consent of SHOPCO U.S.A., INC.

**RETURNS**
Products may not be returned without prior written approval. Special order items or custom made items are not subject to return. Items returned with prior approval will be subject to a 20% restocking fee.

**TITLE**
Title to products shall not pass to Buyer until all sums due are paid in full. Products shall remain as removable personal property and shall be subject to removal upon breach of contract.

**LIMITED WARRANTY**
All products of SHOPCO U.S.A., INC. are guaranteed to be free of material and workmanship defects and should be inspected by the Buyer at the time of receipt and all claims will be promptly investigated and corrected, if necessary. After receipt and inspection of items found to be in good condition SHOPCO U.S.A., INC. shall no longer be liable for any loss, injury, or damage to persons or property. The warranty described in this paragraph is the only warranty given by SHOPCO U.S.A., INC, with respect to its products.

**ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE SPECIFICALLY EXCLUDED AND DISCLAIMED.**

**APPLICABLE LAW AND JURISDICTION**
This agreement is to be governed by and construed in accordance with the laws of the State of Texas. Any suit to recover sums of money owed to Seller by Buyer hereunder may be brought in Harris County, Texas.
SHOPCO Advantages

QUALITY
• All steel components in shelving units
• Dry powder epoxy coating - far superior to enamel paint
• Wire shelves have structural bar supports (not round rods) to prevent sagging, and high quality powder coat finish

VERSATILITY
• Permits merchandising options not available in other systems (especially with respect to sales counters)
• Can be dismantled and reassembled in different sizes and shapes with ease
• Custom designs and multiple uses are possible from standard components
• Inside corner, outside corner and curved shelving units open up new design possibilities
• Clip-on brackets offer more angle positions than traditional shelves with welded brackets
• Clip-on brackets permit shelves to be reversible
• Many color combinations are possible with standard panels

IMAGE
• High tech styling
• Color possibilities together with wire shelves and accent price rails yield an enhanced store image
• Colorful price ticket rails and/or glowing top covers offer new design elements not available with other systems

DESIGN AND LAYOUT
• Full service CAD department along with in-house showroom helps to develop new ideas and products as well as standardized packages
• Award winning designs - SHOPCO has been consistently recognized by industry leading publications for its award winning designs.

AVAILABILITY
• Large inventory of standard items to meet our customers’ urgent needs (shortest lead time in the industry)
SHOPCO SPECIFICATIONS
SHOPCO U.S.A. INC.

Shelving Material

All the components of the SHOPCO merchandising system shall be fabricated of high quality heavy duty steel and coated in a multiple step process of electrostatically applied dry powder epoxy, and baked to achieve maximum hardness. The steel used to fabricate the shelving components shall be the following thickness:

- **Uprights**: 12 gauge
- **Brackets**: 10 gauge
- **Slat Wall Panels**: 18 gauge
- **Mini-Slat Wall Panels**: 18 gauge
- **Smooth (back) Panels**: 20 gauge
- **Pegboard Panels**: 20 gauge
- **Solid Shelves**: 20 gauge

**MODULES**

This product system offers various configurations. Four nominal lengths and two standard depths are available. Many different heights are available depending on the combination of standard panels used.

<table>
<thead>
<tr>
<th>Nominal Length</th>

</tbody>
</table>

**WIRE SHELVES**

All wire shelves shall consist of 1/8 in. diameter wires, welded on 11/16 in. spacing, with 1/4 in. diameter longitudinal wires at the top of the front and back lips of the shelf. All wire shelves shall have 1 in. high and 12 gauge thick FLAT BAR longitudinal supports (positioned vertically and welded to the shelf ends) under the shelf to prevent bowing or sagging when the shelf is loaded with merchandise. Twelve inch deep and narrower shelves shall have at least two flat bar supports and fourteen inch and larger shelves shall have at least three flat bar supports. Wire shelf brackets shall be removable to permit the shelf to be reversible for maximum merchandising versatility. Wire shelves shall be adjustable to flat, 15 degree and 25 degree down slope angles. Steep angle brackets shall be available to be used on the same shelf permitting shelf settings of 50, 65, and 75 degree down slope angles.

SHELVING MATERIAL

SOLID (FLAT) SHELVES
All solid/flat shelves shall be fabricated of 20-gauge steel with an additional longitudinal support for all sizes greater than 12 in. Solid shelves shall have a continuous groove along the front and back edge of the shelf for fencing (no holes in shelf surface). Solid shelves shall be adjustable to flat, 15-degree and 25-degree down slope angles.

- **U-shaped Wallstrip**
- **4D Upright**
- **2D Small Upright**
- **2D Large Upright**
Standard 8 in. foot attaches to upright during assembly for maximum versatility. The T-Foot and L-foot are welded to the upright, yet offer a lower height of 4 in.

The T-Foot and L-foot are considered low profile bases. The low profile base is approximately 4 in. high, compared to the standard 8 in. base. The drawing below illustrates the difference in height.
Standard Shelving Length

- Standard Shelving Lengths:
  - 2' Unit: (24 13/16") Starter Length
  - 2 3/8" Add-On Length
  - 3' Unit: (36 5/8") Starter Length
  - 3 7/16" Add-On Length
  - 4' Unit: (48 7/16") Starter Length
  - 4 1/4" Add-On Length

Standard Shelving Units: Standard Foot

- Wall Unit: 1-3/16"x1-3/16" Upright
- End Cap Unit: 1-3/16"x2-3/8" Upright
- Gondola Unit: 1-3/16"x2-3/8" Upright

Standard Shelving Units: L and T Feet

Straight Wall Unit
Features:

- Available in 2, 3, & 4 ft. lengths
- Standard heights: 35, 44, 53, 72 & 96 in.
- Other heights available
- Standard depths: 12 & 16 in.
- Standard metal top trim
- Standard stock colors include white, beige and light gray
- Custom colors and color combinations available
- Panels available in smooth, pegboard, slat wall, mini-slat wall or a combination of panels
- Finished back available
Wall Cover Unit

Features:

- Available in 2, 3 & 4 ft. lengths
- Standard heights: 35, 44, 53, 72 & 96 in.
- Standard metal top trim
- Standard stock colors include white, beige and light gray
- Custom colors and color combinations available
- Panels available in smooth, pegboard, slat, mini-slat or a combination of panels
Inside 90 Degree Corner Unit
Features:

- Curved unit fits 90 degree corner
- Heights are custom per store layout; call for more information on this unit
- Standard metal top trim
- Standard stock colors include white, beige and light gray
- Custom colors and color combinations available
- Panels available in smooth, pegboard or a combination of panels
- Finished back available

Inside 90 Degree High/Low Corner Unit
Features:

- Curved unit fits 90 degree corner
- Heights are custom per store layout; call for more information on this unit
- Standard metal top trim
- Standard stock colors include white, beige and light gray
- Custom colors and color combinations available
- Panels available in smooth, pegboard or a combination of panels
- Finished back available
Inside Curved 45 Degree Wall Unit

Features:

- Curved unit completes 1/8 of a circle
- Heights are custom per store layout; call for more information on this unit
- Standard metal top trim
- Standard stock colors include white, beige and light gray
- Custom colors and color combinations available
- Panels available in smooth, pegboard, slat wall or a combination of panels
- Finished back available (however, adding a finished back to this unit also requires a change in uprights from the small 2D upright to large 2D upright)

Inside Curved 90 Degree Wall Unit

Features:

- Curved unit completes 1/4 of a circle
- Consists of two inside curved 45 degree wall units (see above)
L-Foot Wall Unit
Features:

- Available in 2, 3 & 4 ft. lengths
- Standard heights: 48 & 72 in.
- Other heights available
- Standard depths: 12 & 16 in.
- Standard metal top trim (optional rounded top trim available)
- Standard stock colors are white and light gray
- Custom colors and color combinations available
- Panels available in smooth, pegboard, slat wall or a combination of panels
- Finished back available
- Also available in inside curved wall unit configurations
Finished Back For Wall Units

Features:

- Designed to give wall shelving a finished look when located in front of a window
- Standard finished back consists of smooth panels
- Various colors/color combinations available

**Straight Gondola Unit**

*Features:*

- Available in 2, 3 & 4 ft. lengths
- Standard heights: 44, 53 & 72 in.
- Other heights available
- Standard depths: 12 & 16 in.
- Standard metal top trim (optional rounded top trim available)
- Standard stock colors include white, beige and light gray
- Custom colors available
- Panels available in solid, pegboard, slat wall, mini-slat wall or a combination of panels
- Side base panels not included; see Shelves & Accessories section for more information
Curved Gondola Unit
Features:

- Curved units create 1/8 circle for 45 degree angle
- Units can be used together or in conjunction with straight gondola units
- Standard heights: 44, 53 & 72 in.
- Other heights available
- Standard depths: 12 & 16 in.
- Standard metal top trim
- Standard stock colors include white, beige and light gray
- Custom colors available
- Panels available in solid, pegboard, slat wall or a combination of panels
- Side base panels not included; see Shelves & Accessories section for more information
Split-T Gondola Unit
Features:

- Curved sections create a 1/4 circle inside radius on two sides
- Features a 6 ft. end cap
- Units can be used in conjunction with straight gondola units
- Standard heights: 44, 53 & 72 in.
- Other heights available
- Standard depths: 12 & 16 in.
- Standard metal top trim
- Standard stock colors include white, beige and light gray
- Custom colors available
- Panels available in solid, pegboard, slat wall or a combination of panels
Clover Leaf Gondola Unit

Features:

- Curved sections create a 1/4 circle inside radius on four sides
- Units can be used in conjunction with straight gondola units
- Dimensions are custom per store layout; call for more information on this unit
- Standard metal top trim
- Standard stock colors include white, beige and light gray
- Custom colors available
- Panels available in solid, pegboard, slat wall or a combination of panels
T-Foot Gondola Unit

Features:

- Available in 2, 3 & 4 ft. lengths
- Standard height: 53 in.
- Other heights available
- Standard depths: 12 & 16 in.
- Standard metal top trim (optional rounded top trim available)
- Standard stock colors are white and light gray
- Custom colors available
- Panels available in solid, pegboard, slat wall, mini-slat wall or a combination of panels
- Curved gondola, Split-T gondola and Clover Leaf gondola units available with T-Foot design (except mini-slat wall panels)

• Panels available in smooth, pegboard, slat wall, mini-slat or a combination of panels
• Mini-slat wall panels require a change in upright from the small 2D upright to the large 2D upright
Wrap Unit
Features:

- Available in 2, 3 & 4 ft. lengths
- Standard height: 53 in.
- Other heights available
- Standard depths: 12 & 16 in.
- Standard metal top trim (optional rounded top trim available)
- Configuration includes: 4 rows of wire shelves & 8 half basket shelves
- Standard stock colors include white, beige and light gray
- Custom colors and color combinations available
- Panels available in smooth, pegboard, slat wall or a combination of panels
- Available with the standard base
5 Tier Magazine Rack
Features:

- Attaches to wall units, gondola units and end cap units
- Available in 2 & 3 ft. lengths
- Height: 28 in.
- Depth: 16 in.
- Standard stock colors include white, black and light gray
- Custom colors and color combinations available
- Concave design to help view magazine selections

10 Tier Magazine Rack
Features:

- Attaches to wall units, gondola units and end cap units
- Available in 2 & 3 ft. lengths
- Height: 61 in.
- Depth: 16 in.
- Standard stock colors include white, black and light gray
- Custom colors and color combinations available
- Concave design to help view magazine selections
3 Tier Magazine Rack
Features:

- Available in straight and outside curved configurations
- Attaches to wall unit, gondola units & sales counters
- Unit height: 19 in.
- Unit depth: 10 in.
- Straight unit lengths: 2 & 3 ft.
- Outside curved unit length: 29 in.
- Standard stock colors include white, beige and light gray
- Custom colors and color combinations available

Mobile Iced Beverage Cart
Features:

- Two wheels
- Top shelf
- Height: 50 in.
- Length: 49 in.
- Width: 26 in.
- Tub dimensions:
  44 in. L x 21.5 in. W x 12 in. D
- Standard stock color is black with galvanized steel
- Other colors available
**Promo Table**
Features:

- On casters
- Standard height: 35 in.
- Standard length: 2 ft.
- Standard depth: 3 ft.
- Standard stock colors include black, white, beige and light gray
- Custom colors and color combinations available

Features:
- Designed to finish off the opening of a standard 6 in. base
- Fills base and cabinet area at the end of a run

Adjustable Filler Panel
Features:
- Designed to complete a cabinet run unequal to length of standard cabinet bodies
- Easily cut to size
- Unique design provides finished edges after cutting to correct size
Back Panel Filler

Features:
• To fill chase opening in back of cabinet
• Can be easily installed and removed from within the cabinet body

Base Panel Filler

Features:
• To fill base opening between cabinet and wall
• To be used in place of end filler panel for cabinets without chase

Full Back Panel

Features:
• Back Panel without chase opening
• Available in all cabinet sizes

Stainless Steel Legs

Features:
• To be used in place of standard base
• Height is adjustable from 5.5 to 9.5 in.
Adjustable Interior Shelf
Features:
• Requires two brackets

Cup Dispenser
Features:
• Each dispenser is equipped with four different elastic gaskets to accommodate cup sizes from 8 to 46 oz.

Condiment Tray
Features:
• 6 in. deep
• Includes adjustable dividers for various condiment items
• Available in 12, 24 & 36 in. lengths
Cantilever Wall Shelving

Features:
- Standard 3 & 4 ft. lengths
- Standard depth 18 in.
- Other lengths and depths available
- Height: 28 in.
- Two wire shelves
- Mounts to wall
- Standard stock colors are chrome and duro seal (silver metallic)
- Duro seal finish has a 16 year warranty against rust and is suggested for high humidity storage applications

Four Post

Features:
- Standard 3 & 4 ft. lengths
- Standard depths 18 & 24 in.
- Standard height: 74 in.
- Other sizes available
- Four wire shelves per unit is standard
- Standard stock colors are chrome and duro seal (silver metallic)
- Duro seal finish has a 16 year warranty against rust and is suggested for high humidity storage applications
High Density Track System

Features:
- Increases storage capacity by 40%-100%
- Track lengths are custom per store
- Four wire shelves per unit is standard
- Standard stock colors are chrome and duro seal (silver metallic)
- Duro seal finish has a 16 year warranty against rust and is suggested for high humidity storage applications
- Sizing is custom per store; call for more information on this system
Beyond our standard metal cabinetry, SHOPCO provides custom wood fixtures. If you can imagine it, we can build it. Listed below are a few ideas where you can take advantage of SHOPCO’s custom millwork.

- Beverage Counters
- Prep Islands
- Side Counters
- Security Cabinets
- Food Service Counters
- Display Cases
- Bakery Cases
- Seating Areas

SHOPCO also produces custom counter tops. We offer plastic laminate, solid surface and stainless steel counter tops. Solid surface counter tops can be made with the following finishes: Corian, WilsonArt, Hi-Macs, Montelli, Gibraltar and other manufacturers.

Additionally, SHOPCO is willing to work with your design and graphic firms to ensure everything will fit just right!
As the popularity of condiment and beverage islands increases, so does the need to make your island stand out. The above illustration is a condiment/“Fix it yourself” island, but this design goes above and beyond the norm. This island includes a stand-up eatery in addition to the preparation area. This unit is also complete with a microwave enclosure and trash chute.

Sometimes the simple solution is the best. However, simple might not always be an option. The drawing above is your basic beverage/fast-food area designed to fit a specific interior curved area. Whether your needs are very simple or very complex, SHOPCO’s custom millwork will meet your requirements.
Another unique aspect of the SHOPCO system is that custom millwork can easily be incorporated with our traditional shelving system. Here we simply added uprights and metal shelves to the custom wood design. Custom acrylic front fences were created especially for this island.

The above picture illustrates custom wall units with standard SHOPCO uprights and wire shelves to offer the retailer a rich, custom look, plus full functionality and flexibility in merchandising.
This mobile end cap is made from our standard L-Foot end cap and then custom wood accents are added to create a lavish upscale look and feel.

While most of our custom millwork concerns the beverage and fast-food areas, SHOPCO can design any fixture for a C-store. This drawing illustrates a custom wood bakery case with mirror finish interior and lights.
ACRYLIC ACCESSORIES
SHOPCO U.S.A. INC.

Cup Tower
5810-XXXXXXX-XX

Features:
• Holds cups, lids and straws
• Standard stock color is white
• Features one size fits all cup dispensers
• Made from ABS material
• 3 & 4 cup dispenser models
• Available in many sizes; call for more information

Rotating Counter Top Lid/Straw Dispenser
5850-XXXXXXX-XX

Features:
• “Lazy-Susan” design rotates 360 Degrees
• Available in 3 sizes
• 2 level unit for cold drinks shown in photo
• Hot drink unit: 9 in. L X 12 in. D X 14 in. H
• Cold drink unit: 10 in. L X 10 in. D X 11 in. H
• 2 level cold drink unit: 10 in. L X 10 in. D X 16 in. H
• Made from clear acrylic

Cup Cover
5820-XXXXXXX-XX

Features:
• For use when counter top does not extend over cups
• Available in 24, 30, 32 & 36 in. lengths
• Depth: 6 in.
• Height: 8 in.
• Made from clear acrylic

Magazine Display
5959-XXXX012-00

Features:
• Displays featured magazines
• Available in 24 & 36 in. lengths
• Height: 12 in.
• Mounts to top of 5 & 10 tier magazine racks
ACRYLIC ACCESSORIES
SHOPCO U.S.A. INC.

Single Sided Condiment Dispenser
5957-0405XXX-00

Features:
- 4 in. length
- 5 in. depth
- Available 18 & 24 in. heights
- Made from clear acrylic

Double Sided Condiment Dispenser
5958-0410XXX-00

Features:
- 4 in. length
- 10 in. depth
- Available 18 & 24 in. heights
- Made from clear acrylic

Single Sided Condiment Tray
5955-0509011-00

Features:
- One size: 5 in. L X 9 in. D X 11 in. H
- Stackable
- Made from clear acrylic

Double Sided Condiment Tray
5955-0518011-00

Features:
- One size: 5 in. L X 18 in. D X 11 in. H
- Stackable
- Made from clear acrylic
**Condiment Tray**  
5890-XXXXXXXX-XX

Features:
- 3/8 in. thick acrylic
- Available in 24, 30 & 36 in. lengths
- Depth: 6 in.
- Available in 6 & 8 in. heights
- Made from clear acrylic
- This condiment tray is designed for custom wood counters (See page 91 for KD Metal condiment tray)

---

**Pastry Case**  
5820-1621024-00

Features:
- 3 shelves
- 16 in. L X 21 in. D X 24 in. H
- Custom sizes available
- Made from clear acrylic

---

**Counter Top Trash Chute Liner**  
5835-XXXXXXXX-XX

Features:
- Fits in counter top to direct trash
- Made from Black ABS material
- 6 in. L X 6 in. D
- Available 6 & 12 in. heights
**Literature Pocket - TV Guide**  
5865-0602005-00

Features:
- Designed to hold TV size literature
- 6 in. L X 2 in. D X 5 in. H
- Made from clear acrylic

---

**Literature Pocket - Magazine/Map Book**  
5865-0802009-00

Features:
- Designed to hold magazines/map books
- 8.5 in. L X 2 in. D X 9 in. H
- Made from clear acrylic

---

**Literature Pocket - Tabloid/Atlas**  
5865-1003009-00

Features:
- Designed to hold larger tabloid/atlas literature
- 10 in. L X 3 in. D X 9 in. H
- Made from clear acrylic

---

**Literature Pocket - Maps/Credit Applications**  
5865-0904012-00

Features:
- 2 tiers with four pockets
- Designed to hold maps/credit applications
- 9 in. L X 4 in. D X 12 in. H
- Made from clear acrylic
2 Step Riser
5875-3508004-00

Features:
• Use to raise product in the back of a shelf
• 35 in. L X 8 in. D X 4 in. H
• Made from clear acrylic

Adjustable Shelf Filler
5873-35XX002-00

Features:
• Used to push product forward on less merchandised shelves
• 35 in. L X 2 in. H
• Adjustable depth 6 - 8 in.
• Made from clear acrylic

Convenience Rail Cover
1900-XXXXXXX-XX

Features:
• Acrylic cover for convenience rail (see page 78)
• Available in 2, 3 & 4 ft. lengths
• Made from clear acrylic
Neon Trim for All Straight Units
2350-XXXXXXX-XX

Features:
• Available in 2, 3 & 4 ft. lengths
• Available colors: red, yellow, green & blue
• Made from glowing fluorescent acrylic

Neon Trim for 1/8 Circle Gondola Units
2350-XXXXXXX-XX

Features:
• Available for inside and outside curved units
• Available colors: red, yellow, green & blue
• Made from glowing fluorescent acrylic

Neon Trim for 90 Degree Triangle End Cap Units
2340-XXXXXXX-XX

Features:
• Available for end caps with 2 & 3 ft. sides
• Available colors: red, yellow, green & blue
• Made from glowing fluorescent acrylic
Neon Trim for 60 Degree Triangle Units
2340-XXXXXXXX-XX
Features:
- Custom made for 60 degree triangle gondolas
- Available for triangles with 2 & 3 ft. sides
- Available colors: red, yellow, green & blue
- Made from glowing fluorescent acrylic

Neon Trim for 4-Way Units
2355-XXXXXXXX-XX
Features:
- Custom made for 4-way gondolas
- Available for 4-way units with 2 & 3 ft. sides
- Available colors: red, yellow, green & blue
- Made from glowing fluorescent acrylic

Neon Trim for Split-T Gondola Units
2336-3672XXX-XX
Features:
- Custom made for split-T gondolas
- Available colors: red, yellow, green & blue
- Made from glowing fluorescent acrylic

Neon Trim for Cloverleaf Gondola Units
2334-7272XXX-XX
Features:
- Custom made for cloverleaf gondolas
- Available colors: red, yellow, green & blue
- Made from glowing fluorescent acrylic
